

Could You Earn Your Wings As A Computer Angel?

Desktop Support Technicians

Chelsea/Fulham based

£25k OTE

Computer Angels, providers of home and small business computer support, are looking for enthusiastic and energetic individuals to join their expanding team.

Excellent interpersonal and communication skills, smart appearance and a flexible approach are essential, as is the ability to work both unsupervised and as part of a team.

Applicants, who should be eager to learn and continually update their skills, must have comprehensive knowledge of:

- Windows XP
- Wireless networking
- ADSL troubleshooting
- TCP/IP
- Microsoft Office
- PC hardware troubleshooting

Familiarity with Windows 98/2000 and Mac OS X is also an advantage.

As our technicians travel to clients by scooter, the ability or willingness to ride a scooter is essential; CBT training will be provided to success applicants if required.

Email your CV with a covering letter explaining why you think you have the skills, experience and personality to join the team to:
